PROJECTS

Software

Interactive paint App **April 2025**

A simple painting app built with HTML, CSS & JS. Draw, erase, fill and create shapes easily!

December-2024

Hospital Management System

Developed a web-based hospital management system using React and SQL, enabling patient appointment booking, billing, and records management for streamlined hospital operations.

Sticky Notes App **June-2024**

Developed a Sticky Notes app with quick note-saving, to-do lists, reminders, pinned notes, and timestamps for last updates.

Hardware

Line-Follower Robot **March-2024**

Hardware Based LineFollower Robot as a part of my Physics Project
a robot car made with the help of Arduino uno following the black colored line effectively .
